Next Club Meeting:

July 2nd, 2015, 7:30pm

Where: **Golden Corral**

Come early if you want to eat!

From the President's Hangar

Nothing much to report, other than the really HOT weather. I hope all the Dad's had a Great Father's Day. We are coming up on Independence Day and I hope you all have a fun and safe holiday!

The buildings still need some TLC, but it can wait till cooler weather! AB with the help of George Williams sprayed the field to get rid of the ants, we hope that works. Thanks guys.

Please keep John Asbell, Graylin Lucas, Dora and Emily Kicklighter, and Jeff Foley in your thoughts and prayers as they are going through various ordeals. There may be others going through tough times as well, so let us know. I just saw a previous member, Ronny Binkley who has been sick and had lost about 60 lbs. due to his illness; he is doing better and hopes to return to work soon. Be thankful for good health as it is a blessing!!

We will meet at **Golden Corral on July 2nd at 7:30 pm as usual**, come early to eat. Hope to see you there.

I still have a few club hats and a few t-Shirts 1-L, 1-2XL and 2-3XL. Hats are \$12, shirts \$10 each. I will have them with me at the meeting and at the field. We probably need to order some

new shirts soon if anyone wants any, before the fall rush starts. We will talk about that at the meeting. Thanks.

That's about all for now, try to stay cool and drink plenty of water on these hot days!!

See ya ay the field.
Wheels down for landing!

Meeting Minutes -June, 2015

Tarheel RC Flyers Club Meeting Minutes- June 2015

The Tarheel RC Flyers met at the Golden Corral on June 6, 2015. President Mark Farmer called the meeting to order at 7:43 pm. There were 12 members and 3 guests present.

Mark welcomed everyone to the meeting and gave his condolences to Jeff Foley. Jeff thanked everyone for their cards and flowers. Mark asked about any sick members. John Asbell has surgery scheduled and Graylyn Lucas is still dealing with health issues.

The tabled April 2015 minutes were read by Kenny Kicklighter. Motion to accept minutes was made by Chuck Megar and seconded by Duncan Tatum, motion passed.

The May 2015 minutes were read by Kenny Kicklighter. Motion to accept minutes was made by Dave Chewning and seconded by Duncan Tatum, motion passed.

Treasurers Report- Jimmy Morgan gave the treasurer's report.

Safety Report- Greg Williams, no report.

Safety during combat flying was discussed. Participants are to monitor and police their activities. Combat will not be flown until all other pilots have landed.

Flying behind flight line was discussed.

Field Report – A.B. Gentry reported that the Tad Dietrich Memorial Fly-in will be

April 23, 2016. Sanction application has been submitted. Ant control discussed. Kenny Kicklighter will

check on price of ant control products.

Newsletter/Website Report: David Chewning discussed email and Postal mailing of newsletter and associated cost. Anyone that has an email address will receive the Newsletter by Email; all others will receive a copy through the postal services. Pictures posted in the June Newsletter were provided by AB Gentry.

Jeff Foley asked if a business could advertise in the club newsletter, it was determined that it is okay for club members to advertise a business.

Old Business:

- LaGrange Fly-in had 40+ pilots. P-38 lost in crash.
- Mark Farmer thanked everyone for their support and donations for the First in Flight Jet meet. 128 pilots attended.

New Business:

- A new hobby shop is opening near the old location of K.C. Hobby. No details given.

Motion to adjourn made by Joey Joyner and seconded David Chewning, motion passed. Respectfully submitted, Kenny Kicklighter, Secretary

NEWS Flash! The heat is on

Stay hydrated, drink plenty of fluids

Vice-President/Safety Officer
Greg Williams
"Safe flying is no accident".

Field Report

Field Marshall **A.B. Gentry**

Hello to everyone

It is just too hot to do the repair job at the field right now, maybe in September.

A little activity at the power pole, on Sunday 14th, Mike Jablonski called me and said there was no power at the charging stations, I asked him to call Wilson Energy and report it, I am on the way now. 30 minutes later here comes the Bucket truck. They went to the pole across the road and found a volt limiter, that was before the fuse on the transformer, replaced it and we were back in charge mode....hurray was heard by the electric squadron..

The refrigerator was off and the food was thrown out. It had stopped working a few days before, but who knew...the volt limiter just blew. It is the same as a diode. I got a couple of clicks of them at work... and the bad part.

Get charged up for the summer.

A. B. Gentry, Jr.

Field Marshall

From the Editor

Here's a video of the Boeing 787 at the Paris Airshow. There has been online discussion about the true angle of the climb out.
