### **Secretary / Treasurers Report:**

#### **Metrolina Control Line Society Meeting**

Metrolina Control Line Society (MCLS) held their regular monthly meeting at Waymer Flying Field in Huntersville, NC. The weather was very unusual for August, it was raining, windy and the temperature was in the low 60's! However, the large cold cheese pizza made up for the inclement weather!

**Members Present:** The following were present: Will Davis, Wesley Smith, James Duckworth, Don Jenkins, Everett and Jo Shoemaker, Ed Ruane and Howard Shenton.

The meeting was brought to order at 2:01 PM

### **Treasury Report:**

The club remains financially stable and has the funds available to support the 2019 contest season and beyond.

Howard Shenton was reimbursed for trophy expenses for Half A Day and the October contest. The meeting minutes from July were read and approved by those in attendance.

### **President's Report::**

No new updates concerning the WACAMA board other than that which was reported last month.

*WACAMA now has new Officers and Anthony Duram is the president with Will Davis and Max Flowe continuing to be MCLS Representatives.* There is discussion about reduction of noise based on new nearby housing developments. Until this gets sorted out, if not flying electric, use good mufflers!

Simply the best Balldrivers available anywhere!

The handle is a little small to generate a lot of torque IMHO.  
(Screwdriver Handle Type Balldriver with new Comfort-Grip)

**Lifetime Warranty!** It's really a pleasure to work with these balldrivers! Introducing the very latest in Balldriver technology, "THE PROHOLD(tm) BUTTON". They lock in place for a true non-slip application. And, you can put the screw on the Balldriver first, and then place it where it goes! This is a major improvement over the "old style". Available in Standard L Wrench Design, and Screwdriver Handle Type as shown above.

Most "off the shelf" balldriver sets come with sizes you will never use...so, as an added benefit, we have customized our balldriver sets with the hobbyist/modeler in mind. You pay for just the sizes that you will really use! (All tools are available in sets and singles, and are backed by *RTL and The Bondhus Lifetime Warranty*)
